## HIGH SCHOOL P.-T. A.

ELECTS OFFICERS AND GETS  
HELPFUL HINTS FROM PROF.  
MOYSE AND MRS. GARDNER

The music room of the Glendale Union High School was more than filled for the meeting of the High School P.-T. A. Monday afternoon. Extra chairs had to be brought in to accommodate late comers.

Mrs. Wernette presided with her usual grace and called for the report of the Treasurer, who stated that the balance should be \$17.38 according to her figures but there seemed to be a discrepancy of 20c between her figures and those of the bank and inasmuch as the books had not been audited in two years she suggested that an auditor be appointed. Jno. Robert White then moved that the chair appoint an auditor. The motion carried and Prof. George Sawyer was named for the service and later in the session was nominated and elected to the Auditorship for the coming year.

Mrs. H. Braun gave an excellent history of the activities of the organization during the year. Mr. Edson of Los Angeles was then introduced to speak on the Victory Loan. A report of his talk is given elsewhere in this paper.

The report of the Nominating Committee was then read by Mrs. H. Duey embodying the following slate: President, Miss Ethel Flood.

Vice-President, Mrs. C. M. Van Dyke.

Secretary, Mrs. R. T. Burr.  
Treasurer, Mrs. Henderson.  
Historian, Mrs. H. Braun.

On motion of Prof. H. Howe the Secretary was instructed to cast the ballot of the Association for the officers as named.

The call of the State Convention of Parent-Teacher Associations was read and announcement was made that Mrs. A. A. Barton would attend as the representative of the Glendale P.-T. A. Federation.

A communication from Mrs. Nanno Woods relative to the day set apart to raise money for the fatherless children of France, May 24th, of which drive she is to have charge in Glendale, was read, together with a pathetic letter from a French child whom she has been helping—a child (Continued on Page 4)

## VIOLET BARKER RECOVERING

Little Violet Barker, the four-year-old daughter of Mr. and Mrs. R. H. F. Barker of 1300 East Lexington Drive, who was quite severely burned about ten days ago, is getting along very well. Her injuries were confined to her right arm and hand and her right side down to the hip. All are now healed but her arm and that is healing satisfactorily. Her hair and eyelashes were singed but her face, fortunately, was unharmed. The child was playing with matches.

## COMMENCEMENT DAY

Commencement day for the June class of 1919 has been set for the 19th of that month. Class members are diligently checking up their credits to make certain they have enough to insure graduation, and girls in the organization are beginning to plan their graduation gowns.

## SAW SHIP GO DOWN

GLENDALE BOY WITNESSES  
SINKING OF MUNITIONS SHIP  
BY SUBMARINE

One of the most beautiful sights on land or sea is a large, full-rigged sailing vessel, with every sail distended by the fresh breeze and fairly bounding over the waves. Less beautiful yet symbolic of power and ease of motion is the steamship laden with precious goods and far more precious lives, breasting the long rollers and throwing the spray in glittering showers from her camouflaged sides. But to see a gallant ship like this, steaming along in apparent security, suddenly reel like a man stricken by a mortal wound, then sink beneath the waves, is calculated to shake the strongest nerves. Such a sight was witnessed by Ben Durham of 611 W. Elk avenue, when he was a quartermaster on the Wachusett. His ship was one of a fleet of 37 bearing munitions and supplies to the boys across the sea. They were convoyed by 10 destroyers. Let Ben tell the thrilling story: "It was on July 18, 1918, and we on the Wachusett were very uneasy over the position of a sister ship, the Mars, which had been lagging far behind. From what we learned afterward, the crews of several other ships had been worrying about the Mars, also. It was supposed her machinery was out of or (Continued on Page 4)

## "WE ARE DECIDEDLY IT"

ARBITRARY AND UNGRATEFUL  
ACTION OF OUR PUBLIC-SPIR-  
ITED TELEPHONE CO.

Another instance of the arbitrary and "public be d—d" policy pursued by the Telephone Company since the merger has apparently delivered the patrons bound hand and foot into their clutches, is the treatment accorded Mrs. Mary E. Shropshire, on Everett street. Years ago when the exchange was small and struggling and the company was seeking favors at the hands of the public, J. P. Shropshire, then a well-known contractor, since deceased, ordered a phone put in. The wiring was promptly done, but when the workmen were ready to install the phone it was found that only desk phones were on hand. The manager proposed to put one of those in, explaining the shortage of wall phones, which Mr. Shropshire preferred, and asking as a favor that the substitution be allowed, promising that the extra charge of 25c usually demanded for a desk phone would never be demanded. The manager's request was granted and for years the desk phone was used, only the \$1.50 rate being asked. Last February, when the attempt to inaugurate the toll charge of 10c to Los Angeles was first made and defeated, and the rental raise of 25c was submitted to, Mrs. Shropshire was sent a bill of \$2.00 for her phone, instead of the \$1.75 charged other householders. On remonstrating with the manager she was told she had a desk phone and was expected to pay the rate for such. When reminded that the desk phone was installed under protest and then only as a favor to a destitute company unable to secure the kind wanted, she was cavalierly informed that the family had had the use of the desk phone all these years at the lower rental but now would have to pay the regular rate. She said: "Then come and put in a wall phone, as was ordered at the first. We only accepted the desk phone as a favor to you." "We can do it," was the reply, "but it will cost you \$3.50 to have the change made." It was finally decided by Mrs. Shropshire and her daughters to submit to the extortion as they really needed phone service. But when the second contract-breaking boost in prices was made her phone bill read \$2.50 per month. So, as a penalty for once obliging the now mighty corporation, this lady is coolly told to submit to this extortion or to a mulct of \$3.50, as a grateful return for the small favor granted years ago. Verily, corporations as well as republics, are ungrateful.

## MISCELLANEOUS SHOWER

Mrs. Harry Wilson entertained delightfully at her home, 208 South Louise street, Saturday, May 3d, in honor of Miss Evangeline Huntley whose wedding is to take place in June.

The house was beautifully decorated in pink and white roses and greenery. "Rummie," a card game, furnished the diversion of the afternoon. The prize, which was won by Miss Christina Ferriss, was a handsome nut set which was presented to the guest of honor. Delicious refreshments were served and then Miss Ferriss, sister of the hostess, brought in a wicker hamper, beautifully decorated with roses which was placed before Miss Huntley and when the rose and fern covering had been removed she uncovered beautiful and practical gifts from the guests assembled. The hostess was assisted in entertaining by her sister, Miss Christine Ferriss, the guest list including: Misses Evangeline Huntley, Gladys Justema, Waunita Emery, Margaret Lusby, Carrie Stone, Kathleen Dodge, Catherine Phillips, Esther Schremp, Margaret Gregg, Ruth Wilson, Frae Morse, Dorothy Morton, Virginia Huntley, Christina Ferriss, Charlotte Castle, Mrs. J. Herbert Smith, Mrs. J. G. Huntley, Mrs. Smith MacMullin, Mrs. Tom Furst, Mrs. Howard Ford, Mrs. Georges Nicolas and Mrs. D. E. Johnston.

## POULTRY LOSSES

There is almost universal complaint this spring among poultry raisers of poor hatches, both from hens and from incubators. One woman got but 14 chickens from five hens setting on 15 eggs each. A man got 19 from three hens. Incubator hatches run as low as 20 to 30 per cent. Most of them lay it to poor feed, though our dealers get the best that can be procured. There are more unfertile eggs this year than ever noted before and more of weak vitality.

WEATHER FORECAST: Fair except cloudy or foggy tonight and in the early morning near the coast.

## SPIRITED PRIMARY ELECTION

L. A. VOTING TO SELECT CANDIDATES FOR MAYORALTY,  
COUNCIL MEMBERS, AND ON BOND ISSUE

Los Angeles, May 6.—Voters today had their say in the most spirited municipal primary campaign Los Angeles has seen for years.

They went to the polls to select two candidates for mayor and eighteen for city council, as well as make choices of candidates for various minor offices. A \$4,500,000 bond issue for Los Angeles Harbor also is on the ballot.

Betting, what little there was, favored Mayor Woodman, Sylvester Weaver and Meredith Snyder as the top three in the race. The bettors seemed to favor Weaver for a place on the ticket, with Mayor Woodman and Snyder fighting it out for the other place.

## INVESTIGATION OF CITY GRAFT CONTINUED

POLICE SERGEANT WM. HACKETT NOW FACING JUDGE  
WILLIS—WAR DEPARTMENT TAKES A HAND

(Special Service to Glendale Evening News)

Los Angeles, May 6.—The investigation of alleged municipal graft in Los Angeles, which already has resulted in Mayor F. T. Woodman facing the courts, moved on rapidly today.

While the grand jury was continuing its session, Police Sergeant William Hackett, indicted in connection with the bribery charge on which Mayor Woodman was acquitted, was brought before Superior Judge Willis to plead. After Hackett's attorney had assailed the indictment as "uncertain" in its charges, the case was continued.

A small ripple of interest also was caused by the arrival of Lieutenant H. W. Christianson, representing the law enforcement bureau of the war department. He went into immediate conference with the local morals efficiency commission and visited the office of District Attorney Woodman. He is here to report to the war department on moral conditions as affecting soldiers in Los Angeles and nearby cities.

## ITALY A SIGNATORY NATION

ITS NAME ADDED AFTER COMPLETION OF FINAL DRAFT  
OF PEACE TREATY—MORE SECRET CONFERENCES

(Special Service to Glendale Evening News)

Paris, May 6.—It is reported here that a secret plenary session of the peace conference, to consider the final draft of the peace treaty, will be convened promptly at 3 o'clock this afternoon. While the proceedings are secret, it was learned that Italy had not been included in the treaty draft, but its name had been inserted after the treaty had been completed as one of the signatory nations.

## GERMAN COERCION A POSSIBILITY

THREAT OF ECONOMIC BLOCKADE MAY BE MADE BY AL-  
LIES TO INDUCE SIGNING OF TREATY

(Special Service to Glendale Evening News)

Paris, May 6.—The peace conference today directed that the supreme economic council plan an economic blockade to be employed if coercion should be necessary to force the Germans to sign the treaty. Simultaneously it was announced that pending the signing of the treaty financial restrictions against Germany would be relaxed.

The Italian peace delegates submitted credentials to German delegates this morning, showing they plan to attend meetings with the Germans. Final arrangements have been completed for the presentation of the treaty tomorrow.

Announcement was also made that thirty allied newspaper men will be permitted to attend tomorrow's meeting.

Vienna dispatches stated that the Austrian and Hungarian peace delegations would leave for Versailles the last of this week. M. Dartein will head the delegation.

Hague dispatches said that Holland will not grant the request of the Allies for the delivery of the kaiser to them for trial.

## NEW OFFICERS' TRAINING CAMPS

MORE OFFICERS AND MEN WANTED BY WAR DEPT. FOR  
ENLISTMENT FOR SIBERIAN SERVICE

(Special Service to Glendale Evening News)

Washington, May 6.—The War Department has announced that six officers' training camps will open June 21. One will be at San Francisco Presidio. Attendance on each school will be limited to 1500. The department also announced that 8,000 men with previous military experience are wanted immediately to enlist for three years' service in Siberia; 360 are wanted for service in Alaska. Siberian enlistments will be made to replace men enlisted for the period of the war.

## U. S. TO BE PAID IN MERCHANTMEN

(Special Service to Glendale Evening News)

Washington, May 6.—It is authoritatively reported that the war claims of the United States against Germany will be satisfied by turning over a sufficient number of German merchantmen to the United States.

## HEALTH LECTURES

HIGH BLOOD PRESSURE, HARD-  
ENED ARTERIES TO-  
NIGHT

The largest audience since the opening of the Health lectures was present last night at the Methodist Church to hear J. C. Elliott on "Prevention and Cure of Lung Diseases." The interest was intense. The whole audience took part in the exercises and the social hall was crowded at the close with those interested in Health Culture Exercises. These exercises are taken to music. The subject of the lecture tonight will be "High Blood Pressure and Hardening of the Arteries." This is one of the most vital subjects for business and professional men and women as well as for the toilers and those in sedentary life. The subject Wednesday, 7:30, will be "Preservation of Youth and Prevention of Premature Old Age." Wednesday, 7:45, "Acid Stomach, Torpid Liver, Indigestion." J. Paul Elliott, who has been the director of the largest church Health Clubs in the nation, will give public demonstrations in Health Culture Exercises at the close of the lecture. Mr. Elliott has recently returned from 21 months' service in the U. S. Navy. In speaking of High Blood Pressure, J. C. Elliott says:

"High Blood Pressure is the result of the fierce pace and strenuous life of the Twentieth Century, which forces life's pressure gauge to register dangerously near the bursting point. The steam gauge tells the engineer of high steam pressure. The bleeding engine is relieving in high pressure. Human life has no visible register for high pressure. Man burns out the tissues, drives the pressure to the bursting point, and an explosion and wreck is inevitable. Thousands of lives are wrecked annually by High Blood Pressure. The appalling death rate from Bright's disease, diabetes, apoplexy, heart failure, nervous prostration and hardening of the arteries among our leading business and professional men is a part of the results of High Blood Pressure. They usually die with their boots on and almost without a moment's warning, their lives are snuffed out in an instant. "Nervousness, sleeplessness, mania, melancholy, irritability, despondency and insanity are among the symptoms and lesser evils of High Blood Pressure. Cocaine and tobacco, tea and coffee, peppers and spices, and all highly seasoned meats contribute to High Blood Pressure, and are the shortest route to nervous prostration, insanity and death. The abnormal food supply fills the arteries with poison, hardens and shrinks them and lifts the blood pressure, the deteriorated artery bursts and death is the result. Cause and cure will be discussed tonight."

## THE OKLAHOMA WAY

A dispatch from Oklahoma City under date of April 29th shows the summary manner that state has of dealing with corporations that violate the sacredness of a contract:

The state charter of the Southwestern Bell Telephone Company was canceled today by the Senate. The measure has already passed the House. The action was taken after the Supreme Court upheld the state corporation commission in its injunction suit to prevent the Telephone Company from raising its rates as ordered by Postmaster General Burleson. The measure carries an emergency providing for the immediate placing of all property owned by the Telephone Company in the hands of a receiver.

## A CHRISTIAN ACT

R. P. Jodon of 224 South Louise was one of the 5000 or more striking employees of the Los Angeles Shipbuilding plant at the harbor. It was an orderly strike, and there was not a hint of violence at any time. On Saturday morning Mr. Jodon, who is a highly skilled electrical expert and is in charge of a department of that work, happened to think of the condition of the deserted buildings, and the danger from fire in leaving uncompleted wiring jobs unprotected. He called up an emergency man on duty in the plant and asked about conditions. He was told that this man had been on duty many hours trying to protect the company's insurance policies, which were endangered by the cessation of electrical work. So he appealed to the strike committee to allow him and a few others to go into the plant and help protect the buildings from these dangers, which request was granted. The strike was settled yesterday so Mr. Jodon went to work this morning as usual. It is possible a very disastrous fire entailing untold loss to the company was averted by this thoughtful act of our fellow citizen.

## WHAT THE "V" MEANS

CHARLES FARWELL EDSON SAYS  
IT REPRESENTS PATRIOTIC  
VICTORY OVER SELF

One of the most persuasive, convincing and convicting arguments on behalf of a liberty loan which has been made in Glendale was presented by Charles Farwell Edson of Los Angeles, who was a speaker Monday afternoon before the mothers and teachers of the High School Association.

He commented on the incongruity in a democracy of sending one citizen around to point out to other citizens their duties. He said among other things:

"This is our country and how much we care for our country is the only test in democracy. It is not how much we talk about democracy or how much we damn the Kaiser, but how much we are willing to do and pay."

"This Victory Loan represents a victory over ourselves because for the first time in the history of America we have a democracy. Why? Because when we needed soldiers we had our first draft of men from 21 to 31 and every one of the male species within those ages had to go whether a millionaire or an humble ditch digger. Then we had our tax on incomes from \$1000 up and every man had to show a reason for not contributing to the government, and the more money a man had, the more we took. When it came to the womanhood of the country there was the greatest test of all. When the Allies asked Hoover how much food we could send them he replied, "As much as the women of America will save," and then they threw up their hands and said: 'The war is over,' yet in one year the womanhood of America sent 123 millions of bushels of wheat to the Allies and America never suffered."

"When it comes to victory do we feel any interest in it? Do we care whether we see the job through and pay our bills? Democracy is a won (Continued on Page 3)

## LET TELEPHONE COMPANY DO WORRYING

Dr. Henry R. Harrower upon receipt of an increased telephone bill the first of this month immediately mailed the bill to Postmaster General Burleson at Washington asking why the increase in rate had been made. It is his intention to refuse the payment of this bill until he is forced to pay it through the courts. He says he thinks it would be a good plan if every telephone subscriber instead of worrying about the increase in rates would let the telephone company take the initiative and defend their new policy.

## MEMORIAL DAY PLANS

Monday evening there was a meeting of a committee of the local League of American Defenders of which Richardson D. White is chairman and Dwight W. Stephenson and Robert C. Plume are members. With them met Joseph Griffin, representing "Sons of Veterans." After some conference it was decided that the committee should ask members of the N. P. Banks Post of the G. A. R. and the affiliated "Sons of Veterans" to join with them in Memorial Day ceremonies. The committee feels that it will be an opportunity for the citizens of Glendale to unite in paying a tribute of respect to all the men who gave their lives for their country, both in the present war and the civil war. As soon as this conference with the Post has been had, if the combination of the organizations is made, further particulars of Memorial Day exercises will be published.

## TELEPHONE TOLLS

TO BE DISCUSSED BY GREATER  
GLENDALE DEVELOPMENT  
ASSOCIATION TONIGHT

At the weekly meeting of the Greater Glendale Development Association which is to be held this (Tuesday) evening in the auditorium of the Intermediate School, in addition to the general business to be transacted the telephone toll question will be generally discussed and a plan will be formulated for some concerted action with regard to toll charges. Members of the organization are earnestly requested to attend the meeting as it is anticipated the City Attorney will be present and able to advise them with reference to this matter which is of such importance to the community of Glendale.

NORTON C. WELLS,

President.

C. D. LUSBY,

Secretary.

GLENDALE, CALIFORNIA, TUESDAY, MAY 6, 1919

## GLENDALE IN FIGHTING ARMOR ON TELEPHONE TOLLS

The common topic of conversation these days is the question of the announcement of a ten cent telephone toll to Los Angeles and an increased rate for the use of phones. The time has come when the telephone is a necessity in every office, store and home. As was recently stated by Attorney C. L. Chandler while presiding at a meeting in the High School Auditorium, the telephone is an accommodation of which no citizen should be deprived.

It is well known that a telephone company cannot do business at a loss, and there is no telephone patron of good judgment but is willing to give the case in hand the advantage of a fair hearing. All kinds of merchandise cost more now than they did a few years ago, and if it is necessary for Glendale telephone subscribers to pay a higher rental, we are of the opinion that they stand ready to pay it, provided they have free use of the phone throughout the Glendale and Los Angeles exchanges. There is nothing unreasonable about the class of people such as use phones in the Glendale community.

Telephone conditions are different in Glendale from what they are in many cities. There are hundreds of people who reside in Glendale who are employed either professionally or in a mercantile capacity in the city of Los Angeles. These people have phones in their homes and they also have phones in the business and professional places where they are required to spend the day. It is very essential that they have free telephone service between the office and the home. In fact, there is no advantage in having a phone unless this free service is permitted. So it becomes very evident that the only way to conduct a telephone exchange in Glendale is to have free connection with Los Angeles, and a rental rate fixed at such an amount as will justify the company in giving this free service. Summing up the whole argument briefly on this present toll and increased rate controversy, it may be clearly stated that what every telephone patron in Glendale should insist upon getting is free service to Los Angeles and rental rate such as will justify the company in giving that free service.

This request is a very reasonable one, and if placed with full explanations before the proper persons in authority, should receive favorable recognition.

Without free telephone service to Los Angeles, the local rental as fixed at present is entirely too high and will not be tolerated. It will result in the establishment of a municipal telephone system, which will give excellent local service at probably one-half the rate that is being paid now. No one is anxious to urge the installation of a municipal telephone system, but if the Pacific Telephone and Telegraph Company continue to pursue the course they are taking now telephone users will be compelled to protect themselves in this way, and when the municipal system is once organized it means good-bye to the old line telephone company as a local exchange in Glendale, as it will be possible for the water and electric light departments to handle the telephone system at a minimum of expense as compared with the expense of the company now controlling the system. The establishment of a new telephone system will be nothing new in the history of this country. In years past in various states it has become necessary for mutual companies to rise up and protect the people against the arbitrary rulings of the Bell or American Telephone Companies, whose officers, on account of a greed for money, inflict unreasonable rates and charges upon people who have a right to have the telephone accommodations of the present day at a reasonable cost.

Now it may be clearly understood that the citizens of Glendale have their fighting armor on and the fight against the toll charge to Los Angeles will be kept up until they get their satisfaction and just rights. If a toll must be paid, the people will see to it that their rental is at a rate so low that there will be an allowance of several dollars per month for toll service.

It is the opinion of the Evening News that telephone users of Glendale should stand together in opposing the recent order for a ten cent toll charge to Los Angeles, and if they cannot get the order rescinded, steps should be taken at once to plan for a municipal telephone system. This opinion is supported by scores of business men and hundreds of residents of the city who have already expressed themselves as favoring this plan.

## BOLSHEVISM WILL NOT BE TOLERATED

It is becoming more evident as the days pass that Bolshevism is assuming the proportions of a real menace in this country. The degenerate Russian agitators find ready coadjutors in the I. W. W., anarchists and the violent Socialists. They are enemies of all governments and advocate any and all violent means to overturn existing conditions. They easily dominate the mobs they stir up, and knowing no restraint, they defy the authorities and proclaim their intention to act as they please. The May Day riot in Cleveland, Ohio, and the Sunday outbreak in Gary, Indiana, are significant as showing the excesses to which these foreign criminals will go in

striving to fasten upon free America the shackles of the system of wholesale murder and degradation of woman that has cursed Russia in the past year or more. The prompt steps taken by the authorities of the two cities named to suppress these lawless demonstrations, and the alacrity with which returned soldiers and sailors rally to the support of the right in such cases, are proof that the great heart of the American people is still sound on the theory of government and that the men who served under the colors during the world war are true blue.

## SOCIETY PRODUCES BOLSHEVISM

Pages and pages and whole sections with illustrations in the big metropolitan papers produce some of the tendency toward bolshevism in our country.

In a democratic country it is injecting a subtle poison of discontent to parade too much the doings of the so-called society set before the working classes.

A San Francisco daily shows a society woman going for a weekend at the beaches in a seven thousand dollar limousine, holding a three thousand dollar dog on her lap. Then there is a long eulogistic account of her appearance and her diamonds, and even descriptions of her laces and lingerie, and there are pages of such stuff.

In the days before the French Revolution the kings paraded their wealth and dazzling social functions while the multitudes toiled to earn the royal revenues. Is the effect on the human mind any different today, and is humanity any less prone to exaggerate the evils of a wasteful social aristocracy in our own day?

Industrial peace and contented millions of working people in our large cities would be ensured with far greater certainty if the society pages were eliminated.

## GREAT FUTURE FOR LUMBER INDUSTRY

In the past four years records show building operations only 10 per cent of normal. Diversion of capital into new buildings, except for war purposes, was forbidden by the government.

Wholesale price of Portland cement has dropped 50 cents a barrel and prices of building steel are falling. Clay products that are basic building material are also dropping and making their use possible.

In all building, whether of concrete, steel, brick or tile, lumber enters as a big factor. It is the one universal material, employed in mining, building farm fences, railroads or skyscrapers. This makes the future market for lumber products bright and permanent. Not only will the demand steadily increase, but prices will be advancing. A great future for the largest industry in the west is permanently assured.—The Manufacturer.

## SOLVING THE PROBLEM

Washington is sending out S. O. S. signals of commercial distress; urging people to proceed with business as usual. Commercial activity is universally regarded as the one grand specific or antidote for Bolshevism. The beet sugar industry is one of the industries supplying the antidote.

Beet acreage is being largely increased over 1918. This will require thousands of extra laborers and greatly increased pay rolls to operate the sugar factories. This activity will greatly stimulate the demand for agricultural implements, tractors, trucks, automobiles, etc., and thus will increase the number of workers on pay roll at coal mines, limestone quarries and railroads. It will be newly created wealth injected into the arteries of commerce, stimulating all lines of endeavor throughout the irrigated regions of the west.—South Pasadena Record.

## BOOST FOR THE LOAN

Mere possession of a Victory Liberty Bond and the little honor button necessarily does not mean that your interest in, and support of, the Victory Liberty Loan is ended.

On the contrary!

It devolves upon you, as a good citizen, immediately to constitute yourself a committee of one and boost the loan morning, noon and night.

Boost it to your neighbor and to your business associate. If he is the same sort of a citizen as you, it won't be necessary to talk much. If he isn't your type of citizen, he will buy in sheer desperation if you talk long and forcibly enough.

## AUSTRIA TO BE PART OF NEW GERMANY

BERLIN. (By Mail). If Austria does not join Germany immediately, owing to opposition from the Entente, she will do so later, according to German opinion, which considers it merely a matter of time until hostility for the union of all German peoples will pass. The Germans are making their plans accordingly, in spite of the recent eruption in Vienna against joining Germany.

During March, the Germans were for joining the two countries at once, and amendments were made for the step. There never was any opposition on the part of the Germans to the move, which would make the

German speaking nation the largest in western Europe. Two Austrian delegates were granted membership in the Reichstag, while preliminary work of connecting Austria to Germany went on.

Then came the Austrian revolution against joining Germany. Most of the newspapers and the government expressed hostility to Austria under the Prussians. The opposition is merely a bluff, according to the Germans, and is inspired by agents of the French. The Austrians complied with the outside wishes to avoid further trouble, say the Germans.

But the Vienna opposition is not all bluff, in spite of the German theories. The Viennese never were over enthusiastic at entering a German confederation, in which Austria would be a very small minority of the population, and contrary to her position as head of the Hapsburg Empire, Vienna would be entirely dominated over, instead of being mistress city.

Not a small element of the movement to join Germany was based on the need of a route to the sea. Vienna has to turn to the North Sea, now she is cut off from the Adriatic. The Viennese are more southern in their dispositions and life than Prussian.

It is possible the Austrians see a way of reaching the sea through another alliance. But the Germans consider the movement a bluff to fool the Entente and are confident of Austria's annexation through a clause in the constitution providing for new member states joining the German republic federation.

The Ladies' Missionary Society of the First Baptist Church will meet with Mrs. J. R. Bright, 319 North Maryland avenue, Thursday afternoon, at 2:30.

## Personals

Mrs. D. W. Hasson of Buena Park has been spending a week in Glendale as the guest of Mrs. Frank Marsh.

Mrs. Nelson Ayres of Sacramento has been the guest this week of her mother-in-law, Mrs. Samuel Ayres, of Central avenue.

Mrs. Alice Bahrenberg of Park avenue has been quite seriously ill and confined to her home, but is said to be considerably better.

Mrs. George Peck and daughter, Miss Amy Miller, are the guests of Mrs. Peck's mother, Mrs. Della Hapgood, on Los Feliz Road.

Mrs. Priscilla Houdyshell of 237 North Maryland avenue has returned from quite a wonderful sight-seeing auto trip to Santa Barbara.

Albert Whelon, who has a number of friends in Glendale, is still in New Mexico. He had expected to come to the coast early in the winter, but had too good an offer in New Mexico to turn down.

The attendance on the regular meeting of the Elks' Lodge Monday evening was excellent, but no special business was transacted and it adjourned for a social evening after a brief session.

Mrs. G. Mills of South Louise street, who was prostrated a short time ago by a stroke of paralysis, is rallying and showing marked improvement, to the great joy of her children and friends.

Mr. and Mrs. Pierce of Long Beach were week-end guests at the home of Mr. and Mrs. Charles Grist as was also George Grist, who is now employed at San Pedro. He returns to that city Tuesday. He likes his work but is not in love with San Pedro.

L. T. Rowley, who met the troop train of the Santa Fe at Pasadena Monday in the hope of finding his son Robert Rowley aboard, was disappointed and has learned that the boys are to be sent west in groups. Until he has further advice he will not know just when to expect his boy.

Mr. and Mrs. E. U. Emery received a dispatch from their son, Sergeant Owen Emery, dated at New York Saturday morning saying the troops would start the same night at 9 o'clock for the Presidio in San Francisco, and that he would wire again. He is therefore en route at the present time.

Friends of Hubert Woods will be glad to hear that he has obtained a position as wireless operator on the Standard Oil Tanker "Argyll," which plies between Los Angeles and Portland. His wireless address is: "Call letters W. T. B., wave length 3000 meters undamped and 600 meters damped on a chopper." His mother, Mrs. Nanno Woods, says she does not understand it, but she supposes others will.

The hospital unit of which Sergt. Albert D. Burket is a part, reached Los Angeles Monday at 12 o'clock, and the men were given leave to visit relatives and friends during the afternoon with instructions to report the same night at Camp Kearny for discharge. Sergt. Burket spent several hours in Glendale at the home of his parents, and will be here to stay in a few days. He looks fine and it was a great happiness to his friends to see him again.

Mrs. O. B. Mella of Loveland, Colorado, who has been the guest of Mrs. W. A. Kulp, of 311 East Third St., has gone north and will make quite an extensive tour of the West before returning to Colorado. Mrs. Kulp's mother, Mrs. M. A. Mercer, and Mrs. S. E. Morgan, of Ashfork, Ariz., who has been her guest for a few days, will leave this week for Arizona. Mrs. Morgan will be remembered as the lady who developed so enthusiastic an interest in the Glendale Community Sing that she went home and organized one in Ashfork. Most of the members are employees of the Santa Fe and the meetings are a great pleasure to the community.

Mrs. Myra C. K. Shuey of Los Angeles, who has many friends in this city, has just returned from a month's visit in San Francisco and Berkeley. Monday she spent in Glendale as the guest of Mrs. Adelaide Imler and Miss Hickman. Mrs. Bahrenberg, Mrs. Pollock and other old-time friends. During her stay in Berkeley as the guest of Miss Margery Imler she attended a great Shakespearean oratorical contest which took place in the Greek Theatre of the State University in which Seniors from High Schools all over California participated. The first prize went to Miss Owens of Santa Ana, and consisted of a handsome set of Shakespeare's works.

## THE GREAT BALL GAME

The Giants and Angels were the contestants this day noon. Tom Morgan manipulating the sphere for the former and Vernon Paul for the Angels, with Mr. Blanford as umpire. Four innings were played and the score was 9 to 1 in favor of the Giants.

## MASONIC NOTICE

The regular stated meeting of Unity Lodge, No. 368, F. and A. M., will be held Tuesday evening, May 6th, at 7:30 p. m. All members are expected to be present.

ROY W. MASTERS, W. M.  
A. W. TOWER, Sec.

## THE BLUE HILLS OF GLENDALE

(An Appreciation)

Long beams of light from yonder setting sun  
Glint in bars of gold across the laden orange groves,  
Where waxen-white the star-like blossoms blow  
To give their fragrance on each passing breeze;  
And golden fruit forever hangs with snowy bloom—  
Like bits of sunshine tangled in the greens.  
Oh, riot of sun among the bloom and fruit!  
A magic picture fit for an artist's sight.

The setting sun serene in glorious, endless blaze,  
Paint clouds of crimson rimmed with gold,  
And touch the white clouds high, like angel wings  
That melt into the zenith e'er the sun has gone  
To sleep behind the hills that stand so silently.  
Encircling fondly and inspiring too—  
Their strength of hope to our weary hearts,  
Dear Glendale hills of blue.

When night pervades the sky, and tumbling stars  
Come one by one to mount on shining thrones,  
'Tis then our sentinels most high and dimly stand;  
But seem to claim God's care within the fold  
Where we abide the long night through—  
To wake, and find them watching calmly on.

When dawn creeps o'er the East in dappled clouds,  
To usher in another glorious day,  
The hills are purple, with a veil of blue  
That trails in sleeping shadows, night's alchemy  
Of mist and dew to call our roses in to bloom.  
God's chosen spot of earth is this! The fairest all our land can show.  
Oh hills, shut in our peace—be our inspiration true!  
Enfold our lives in purest, sweet content,  
Dear Glendale hills of blue.

—Kate Terry Pearson.

April 27, 1919.

"Parents' Night," which was to have been held at the Intermediate School Friday evening of this week, has been postponed because on that date there is to be a picture benefit for the Columbus Avenue P. T. A. with which the Intermediate does not wish to interfere in any way. The "Parents' Night" will therefore be held Friday evening, May 23d, instead of this week.

Sergt. Wallace Cramer, son of Mrs. Lorena Cramer, of Acacia Ave., is still at Bordeaux and writes that the prospect of coming home is not very bright.

## A PROGRAM DISAPPOINTMENT

Mrs. Freeman Kelley, chairman of the Program Committee of the Tuesday Afternoon Club, has just experienced a disappointment which will be shared by the members of the club in the receipt of the following letter:

May 3, 1919.

My Dear Mrs. Kelley:—  
So sorry I cannot be with you on the 13th but I am leaving for Arizona today to sing in concert tour in some of the largest cities. I am sure you will have a delightful time on "Mothers' and Fathers' Day."  
Yours with every good wish,  
ELLEN BEACH YAW.

Mrs. Yaw was engaged a year ago, as was also Harold Proctor, who has likewise advised the club that he is to leave the 12th on an eastern tour. In justice to the musicians Mrs. Kelley thinks the explanation should be made that as a rule they make their concert tours in the fall. The influenza epidemic closed everything up and threw all programs topsy turvy so they are making their tours now, in the spring, and canceling their club engagements.

The Program Committee is now at work to provide substitutes and is almost ready to promise a better program than the one originally announced for next Tuesday afternoon. One of the musicians secured is Miss Mortensen, a wonderful young violinist from the east who has made a great hit recently with the Ellis Club.

## BLAKE FRANKLIN SURPRISED

For the first time in their wedded life, Mrs. Blake Franklin gave her husband a surprise party in celebration of his birthday, which occurred last Friday. As guests to celebrate with him she invited members of the choir of the Congregationalist Church who sang with him in the cantata given at Easter time. He attended a trustees' meeting that night, but she sent a message recalling him and he was thoroughly surprised when he reached his home and found guests awaiting him and was presented with foolish gifts of toys bearing nonsensical messages of congratulation. A very jolly evening was spent with games and music and a handsome birthday cake was served by the hostess with an accompaniment of ice-cream, the Franklin home having been decorated for the occasion with sweet peas and roses. Fifteen were present, the list including: Mrs. Abell and her little daughter, Alma Louise, Mr. and Mrs. A. R. Chappell and daughter Marguerite, Mrs. Mabel Bullinger, Mrs. Hartley Shaw, Mrs. W. D. McRae, Ralph Beers, Mr. and Mrs. Frank Blaikie, and Mrs. S. R. Frazee.

## 46 YEARS WEDDED

Mr. and Mrs. C. R. Norton of 801 East Wilson avenue will be guests of honor at the regular meeting of the J. O. C. class of the First Methodist Church this evening in celebration of the anniversary of their wedding which occurred forty-six years ago in Iowa. They are the fortunate parents of six children, viz., C. C. Norton, who resides with them, and Mrs. Corinne Mabel Jones of Cedar street, this city, W. R., M. E. and E. P. Norton and Mrs. Alma Hilliard, all four of whom reside in Los Angeles.

## DEATH OF FRANCES W. GRAHAM

Mrs. Frances W. Graham, who has resided in California for thirteen years and in Glendale for several years, died Monday morning at the home of her son, David J. Graham, at 200 North Verdugo Road. She was a native of Kentucky and was 81 years of age. She is survived by the son mentioned and by a son in Oregon. Funeral services will be held at the Seventh-Day Adventist Church Wednesday morning at ten o'clock, with the Seavern Company in charge. The body will be placed in a vault in Forest Lawn Memorial Park and will later be shipped to Oregon for interment. The following tribute is from a friend:  
"Grandma Graham," as she was called by all who knew her, died Monday at 1 p. m. at the home of her son, David J. Graham, 200 N. Verdugo Road. Her life ended as she would have planned it, without a day's illness and without a word of farewell. She lay down to rest and death came to her as a refreshing sleep. It had been given her to live a long life of perfect happiness. Her beautiful self-forgetfulness and loveable good cheer had won for her a wide circle of friends who mourn her as one large family.

## SPECIAL AUXILIARY MEETING

Members of the Woman's Auxiliary of the First Congregationalist Church are to be the guests of Mrs. Goodrich on Bena Way in Glendale Heights Thursday of the present week for an all-day meeting. They will gather at the church at ten o'clock from which place autos will convey them to the home of Mrs. Goodrich. It will probably be a big meeting as fifty applications for transportation have already been received and the hostess always gives the ladies a very good time when she entertains them.

## WHAT THE "V" MEANS

(Continued from Page One)  
derful thing. It cannot say to any one you must take \$100 or \$1000 or \$5000 of bonds but it says how much do you love your country, how much do you care for the ideals for which your country stands? As much as you care you will pay according to

# Solid as the Bank

This is an expression very often used to affirm the responsibility of a person or a business. There must be some strong reasons for such a comparison. One of these is the safe, conservative business methods of banks in general. This is necessary in view of the fact that banks handle the billions in money and securities of the nation.

## THE GLENDALE NATIONAL BANK

conducts all its business on a safe and sound basis and on this ground it solicits your deposits.

your means, and that is the wonderful thing about democracy. It makes every one of us come through according to what we have. That is the only test of democracy and unless we are willing to come through we are not fit to live under this form of government. We belong in some other kind of a country not one that affords equal opportunities, for just as great as are our opportunities are our obligations.

"On the battle line there was no sex, no politics, just one kind of people, French, Belgians, British, Italians, Russians or Americans or Canadians or New Zealanders. All these believed in the one thing, democracy, and the other fellows believed in autocracy. Are we retrograding and going back to our little squabbles about little things? The only thing worth while is humanity and if the black man or the Chinaman made good on the battle line he was just as good as the white man."

He then told a story of a group of men detailed during the war to dig a trench who, on arriving at the place found themselves under the orders of a Chinese sergeant. They threw down their shovels and refused to work under him. The Chinaman stood up and made this little speech: "You are Americans born of American parents. I am an American born of Chinese parents. Our country has made me a sergeant and has said that you are to dig this trench and you are going to work." And they picked up their shovels and did the work. Pointing the moral he said the question now is whether we are ready to do the work laid out for us by our country. Repeating, he said: "You either believe in this country and what it stands for and are willing to back it up with your life and

every dollar you have, or you are not fit to live here.

"The issue in this war was democracy versus autocracy and our President now is the spokesman for the whole world, not only for America but for all the little peoples of the earth. They are looking to America for ideals and for opportunity to let those ideals come through, and we happen to have money and we are going to let them have it on a per cent.

"The Master served for love and had no place to lay His head, and can we in a democracy, claiming to be followers of the Master, do less than do good according as we see it and believe in it, and if we believe in it, how much? Do we believe in it a trifling stamp when we can afford a bond?"

"Our President once said that when he appointed a man to office it always interested him to watch that man and see whether he swelled or whether he grew. We have swelled too much in America and haven't grown enough. The problems of today are not the problems of two years ago. They are the problems of getting homes for everybody in America and decent wages. Unless we can pass on to the next generation something better than we have had ourselves, we have lived in vain. This war will be won 25 years from now when we see the kind of children the war has produced. Unless they have greater ideals and aspirations than we have had, the war will have to be fought over again.

"This means more than victory over autocracy. It means victory over ourselves, that we believe in a government of the people, by the people and for the people and that we are willing to foot the bills on that basis."

## HIGH SCHOOL P.-T. A.

(Continued from Page One)  
whose father perished in the war and  
whose mother is insane from grief.  
On motion of Mrs. Minette Sherman,  
the chair appointed a committee to  
represent the Association in the drive  
consisting of Mrs. Sherman, Mrs.  
Yarrick, Mrs. Puffer.

Mrs. John Robert White an-  
nounced the festival and garden party  
to be held May 16th at the home  
of Mrs. Ella Richardson, and recited  
some of the attractions.

The discussion of the afternoon,  
"The Benefits of the P.-T. A." was  
then called, Mrs. Gardner of Eagle  
Rock, High School Trustee, present-  
ing it from the standpoint of the  
mother. Among the benefits she  
named were the new ideas and meth-  
ods gained which fill mothers with  
enthusiasm.

She reviewed some of the program  
features of Associations she had at-  
tended which had been helpful and  
inspiring and then spoke of the prac-  
tical work done by the Eagle Rock  
P.-T. A. for the schools of that com-  
munity. She also took the oppor-  
tunity to thank members of the As-  
sociation for their support of her  
candidacy for the office of Trustee  
and assured them of her desire to  
serve them and the district in all pos-  
sible ways, adding that she would be  
glad to have them call upon her  
whenever she could render aid of any  
sort.

The benefits of the P.-T. A. from  
the teacher's standpoint were pre-  
sented in a very practical way by  
Prof. George U. Moyses, who wasted  
very little time in showing how mem-  
bers could aid the teachers and the  
school now and in the future. He  
showed how valuable is the organi-  
zation for emergency work and cited  
a case where a political plot to put  
in certain candidates on the school  
who would carry out reactionary  
programs, was frustrated by a rally  
of the P.-T. A., which brought 900  
voters to the polls.

Also he referred to its value as an  
advertising medium and invoked its  
aid on behalf of a lecture which the  
University of California has offered to  
give free of cost to Glendale as a  
courtesy from the University and as  
the possible nucleus of an extension  
course. The lecture in question by  
President Silas Evans of Occidental  
College has been set for tonight  
in the High School auditorium. It  
is on the "League of Nations" and  
is to be followed by a discus-  
sion. Mr. Moyses expressed his great  
desire that the audience should be  
worthy of the cause and the speaker  
and appealed to the ladies to assist  
in spreading the news of the lecture.

He then referred to the hard and  
fast rule to which the State Univer-  
sity has heretofore adhered, of requir-  
ing certain credits for languages and  
certain credits for mathematics be-  
fore a student could be admitted to  
the university, but that has now been  
so changed that any student who can  
present 15 high school credits, with  
a very few reservations will be ac-  
cepted. (Applause.)

The chaperone question was touch-  
ed upon by Mr. Moyses who told how  
sharply he had been called upon to  
explain whether the truck loads of  
children en route to games and con-  
tests held elsewhere, are always  
chaperoned. He appealed to mothers  
not to throw this responsibility on to  
the teachers, but to do some of it  
themselves.

Also he asked them when sensa-  
tional stories about the doings of  
high school pupils come to their ears  
to verify them and if untrue as they  
are in most cases, to correct the  
rumors, instead of circulating them.

A little club of school principals to  
which Mr. Moyses belongs and which  
meets at regular intervals for a din-  
ner and discussion of school prob-  
lems was referred to in connection  
with the dancing problem. He re-  
cited the remedy applied by one prin-  
cipal who had the matter to meet.  
He persuaded the school trustees to  
grant an order permitting school  
dances under certain conditions, viz.,  
that ten mothers of pupils should be  
present at each dance, that no out-  
siders should be invited, and that a  
list of all guests should be filed in  
the office of the principal previous to  
the dance. Since that time, the stu-  
dents had never made application for  
the dance, and from it Mr. Moyses  
argued that the young people of the  
period want to get entirely away from  
parental supervision. He ap-  
pealed to the mothers to co-operate  
with him as a principal and a parent  
in trying to solve this question. We  
want to bring the P.-T. A. and the  
school into such close and friendly  
relations that the students will  
change their viewpoint and not be  
willing to give up their entertain-  
ments rather than to have their  
parents there.

Another advantage of the P.-T. A.  
from his viewpoint was its knowledge  
of the needs of the school. He then  
referred to the great need of a new  
auditorium, the present one seating  
but 550 with a school attendance of  
600, and the school growing all the  
time.

The teachers' union which has  
been organized in the north was re-  
ferred to, and he asked: "Are we  
going to become subject to the call  
of the strike boss, and if the boiler  
makers go out will the teachers have  
to go out? (Laughter). The aver-  
age increase in the pay of labor, he  
said, had been \$2 a day while the  
average increase in the pay of teach-  
ers had been 15c a day.

The social needs of teachers was  
then touched upon, their long hours  
either in the school room or in the  
correction of papers at home which

cut them off from social opportuni-  
ties. He appealed to the members of  
the P.-T. A. to establish closer social  
relations with the teachers for the  
mutual benefit of all concerned.

There were some echoes from the  
Convention of Los Angeles County  
P.-T. A.'s which was held in Los An-  
geles last week, and of the praise  
there bestowed on the work of the  
Glendale organizations. Mrs. Barton  
stated with pride that fifty-five Glen-  
dale members attended the sessions,  
and the election of Mrs. Minnette  
Sherman as financial secretary of the  
county organization was reported.

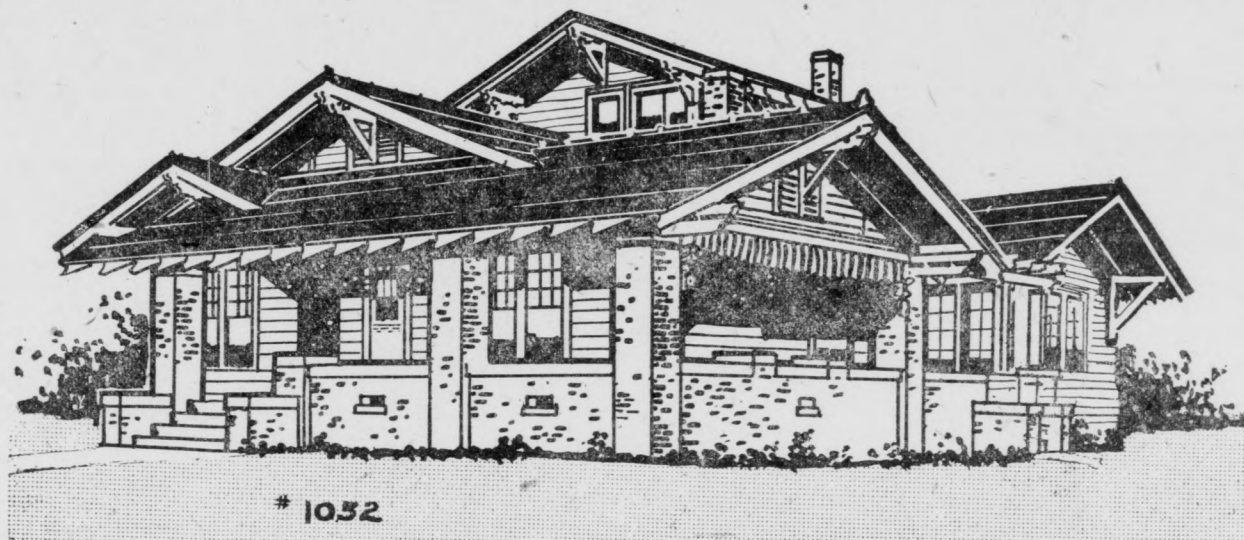

The meeting closed with a vote of  
thanks to the retiring officers.

## SAW SHIP GO DOWN

(Continued from Page 1)  
der. I had been watching her for a  
long time through my marine glasses  
and my ship was so situated that I  
never lost sight of her. Toward the  
last she had been picking up speed  
and coming along beautifully. She  
was only half a mile behind at this  
time, 6:00 p. m. We were then but  
400 miles from England, right in the  
submarine zone. We had sighted our  
first sub at 5:30 that morning, but  
the destroyers were very watchful  
and no chance was given it to get at  
us. But the fatal lagging of the Mars  
gave the sea devil his chance. Sudden-  
ly, while the Mars was tearing  
along at full speed, I saw her begin  
listing to starboard and then  
across the waters came the sounds of  
a long, grating crash. This was at  
6:01 p. m. We knew instantly that  
she had been torpedoed, though we  
saw nothing of the submarine that  
had launched the deadly bolt. Im-  
mediately three destroyers went to  
her relief dropping "ash cans," as  
we called the depth bombs, as they  
rushed toward the sinking ship. Just  
after being struck, the Mars turned  
to starboard and that gave every ship  
in the convoy a direct view of the  
sinking. Seven men were killed by  
the explosion. The rest of the mem-  
bers of the crew were taken aboard  
those ships nearest the sinking Mars.  
In just 14 minutes after she was  
struck by the torpedo she stood di-  
rectly on end and then like a flash  
sank from sight. Only one torpedo  
struck her as we could tell by the  
sound of the explosion, which, as I  
said before, was a long, grinding  
crash like ripping steel. The depth  
bomb gives rather a quick shock,  
followed by a decided jerk. It can  
be felt four miles away. This gives  
one an idea of their power and ex-  
plains why the submarines dreaded  
them so. I saw other ships sunk, but  
this was the only such tragedy I saw  
from start to finish.

# AEROPLANE BUNGALOW

## A DISTINCT CREATION

## A NEW ONE

The actual photograph, showing both exterior and floor plan, just received this week. It represents the very latest idea in distinctive architecture. We want some one here in Glendale to adopt it for their future home so that we can refer to it as a "BENTLEY-BUILT" Home.

The price we are quoting, everything complete, even to the front door bell and shades on the windows, of \$5,800.00, should make it appeal to you.

This wonder home has a spacious front and side porch and a pergola porch, from which three entrances to the rooms are effected. There is a large living room with fireplace, built-in book cases; colonade opening with built-in book cases separates this room from the dining room. Immediately back of this is the kitchen equipped with all modern labor and time-saving devices. A dainty little breakfast room, back screened-in porch with connecting toilet. On the opposite side are found the den with writing desk and book cases forming a fixture for a disappearing bed; also two bed rooms with spacious closets to each, and most conveniently arranged hall which offers direct connection from each of the rooms to the bath. Above, and reached from the center hall, is a sleeping porch, a special feature which has made this pretentious little home one of the most popular ever created.

## NOTICE

NOTICE OF THE RECORDING OF  
THE ASSESSMENT AND DIA-  
GRAM FOR THE OPENING AND  
WIDENING OF EIGHTH STREET  
FROM THE WEST LINE OF VER-  
DUGO ROAD TO THE EAST LINE  
OF GLENDALE AVENUE AS  
CONTEMPLATED IN ORDIN-  
ANCES NOS. 294 AND 297.

Public notice is hereby given that  
the assessment and diagram for the  
opening and widening of Eighth  
Street from the West line of Verdugo  
Road to the East line of Glendale  
Avenue as contemplated in Ordina-  
ances Nos. 294 and 297 was recorded  
in the office of the City Manager  
and Ex-Officio Street Superintendent  
of the City of Glendale on the 6th day  
of May, 1919. The date of the first  
publication of this notice is the 6th  
day of May, 1919.

All sums levied in the said assess-  
ment are due and payable immedi-  
ately, and payment of said sums is to be  
made to me in my office at the City  
Hall in said City within thirty days  
after the first publication of this  
notice, to-wit: on or before the 5th  
day of June, 1919. All assessments  
not paid on or before the said 5th  
day of June, 1919, will become delin-  
quent and thereupon 5 per cent. of  
the amount of each such assessment  
will be added thereto and the property  
advertised for sale, as provided by  
law.

T. W. WATSON,  
City Manager and Ex-Officio Street  
Superintendent of the City of Glen-  
dale. 208t10

## NOTICE OF CHANGE OF GRADE

Public notice is hereby given that  
on the first day of May, 1919, the  
Board of Trustees of the City of Glen-  
dale did at its meeting on said date  
adopt a Resolution No. 1075 declar-  
ing its intention to change and estab-  
lish the Grade of a portion of Ver-  
dugo Road and Lexington Drive (for-  
merly First Street), in said City of  
Glendale.

Reference is hereby made to Reso-  
lution No. 1075 for further particu-  
lars of said change of Grade.

T. W. WATSON,  
City Manager and Ex-Officio Street  
Superintendent of the City of Glen-  
dale. 207t6

## TO WHOM IT MAY CONCERN

Wright & Eckleberger, doing a  
grocery business at 108 East Broad-  
way, have contracted to sell their  
stock and business to Paul J. Kluger  
and invoice will be taken and said  
stock and business transferred with-  
in seven days from date of first pub-  
lication of this notice.

T. A. WRIGHT,  
A. E. ECKLEBARGER,  
Glendale, Calif.  
Dated May 2, 1919. 205t7\*

## LISTEN TO THIS

Do you want to get in on a high-  
class investment in an income busi-  
ness property in the heart of the  
Business District, where your invest-  
ment will bring you 10 per cent. an-  
nually, besides getting the advantage  
of the increase in value of this boule-  
vard frontage. This proposition is  
absolutely the best thing in town to-  
day, and will merit your investiga-  
tion.
